105 BAYS

13 GREENS

19 BUNKERS

9 HOLE

Pitch & Putt circuit

What is Hamoni Golf Camp?

Spread across 16 acres with over 105 practice bays, 13 target and practice greens, and 19 bunkers, Hamoni Golf Camp (HGC) is India's largest stand-alone golf training facility by far, just 3 kms off IFFCO Chowk near Palam Vihar, Gurgaon. The mission of HGC is to put the game of golf within everyone's reach while giving them a taste of the finesse, technique and elegance that the sport embodies. Our motto is simple : **Golf is for me.**

While it is located well within the heart of Gurgaon, HGC, with its lush green landscape and quiet serenity, offers a break away from the city's hustle and bustle.

Experience Golf @ HGC

HGC features over 105 practice bays, 13 target and practice greens, 19 bunkers and more to give you an experience like none other.

In a novel design approach, the practice bays are arranged in an arc along the breadth of the facility facing **9 target greens** spread out on the inside. These greens are guarded by interspersed trees, deep depressions and green side bunkers, and by playing to them from different parts of the arc, golfers can practice various shot scenarios. **The 9 target greens also double up as a challenging 9 Hole Pitch & Putt circuit** on certain days of the week.

HGC Features

To give you a comprehensive golf experience, HGC also features:

CHIPPING & PUTTING PRACTICE GREENS

To hone your short game, two large putting and chipping greens are available on opposite ends along the practice bays arc, with a practice bunker also nestled near the chipping green.

LONG RANGE PRACTICE BUNKERS

2 additional standalone bunkers are available on either side of the practice bays arc that are best used for practicing those troublesome, long fairway bunker shots.

THE ACE PEN

In the Ace Pen, an area created just for the pros, there are 2 large natural turf greens available for putting and chipping practice, as well as a green side bunker and a large natural grass practice tee box.

NIGHT LIGHTS

Our night-lights are a great feature for those seeking to get some practice in the evenings after work or for those who simply enjoy the company of the night sky.

Keeping the environment consciously in mind, the 9 target greens and the 2 practice greens outside the Ace Pen, are all made of artificial turf, minimizing water usage. Rainwater harvesting pits further ensure that water is recycled at HGC.

Learn Golf @ HGC

We have made every effort to make learning and playing golf as easy as possible. At HGC, we employ systematic curriculum oriented golf training programmes to ensure that you derive maximum results as a player.

You can enjoy the privacy of individual coaching or find security in numbers in group classes. For larger groups, client specific golf clinics can be organized. There's something for everyone eager to tee off in style!

Hamoni: Café by the Greens

At Hamoni: Cafe by the Greens, our exclusive F&B zone, unwind and immerse yourself in board games & more while savouring some delectable food & drinks, in a fun and energised atmosphere with friends and family.

Outdoor Fitness Zone

HGC also houses an **outdoor fitness zone** for those looking to enhance their physical strength, endurance and mobility. Tractor tires, battle ropes, TRX, suspension trainers, sledge hammers, Therabands, Bosu balls...you will find almost everything necessary to discover a fitter, stronger 'you'. Take on the fitness challenge on your own or sign up for training classes, boot camps and more!

Plan Your Own Experience @ HGC

Choose and create your own memorable experience at Hamoni Golf Camp; golf events, fitness camps, group hangouts, parties and more, customized for you, your clients and guests. Get in touch with us and plan your HGC experience now!
