Manav Graduated from the Golf Academy of America and is in every sense a passionate Golfer and brings a unique coaching methodology devised by legendary Golf Teacher Manuel De La Torre. Manav specializes in teaching the club focused approach. The underlying principle of this approach is that the student should know how the club moves in an effective swing and not what the body does. The body will respond correctly only if the club is moved correctly. "If you take care of the club, the club takes care of the ball,"
